Groves' signature is on each box. 25c.</p>	<p>The Gazette has often referred to Weymouth's free mail delivery as "rural delivery." It is everybody's knowledge that the rural delivery department is in distress, and alienating the contracts, and it may be the cause of your readers' thinking that we are more or less affected by it, so I think it needs to be said up this time that we have <i>free city delivery</i> and not rural delivery. The city delivery does not appear to be embarrassed, and all plans made for our paper are carried out on scheduled time. Our services, at present far from perfect, but in cooperation of the government officials, and our own efforts, is something beautiful to see, and will result no doubt in a first-class article for us in the near future.</p>	<p>Leprieux, J. Information was where telephone connection may be had with Miss McIntosh for calls to Weymouth.	
Through the kindness of a friend, the nurse's box has been fitted with necessary equipment and the nurse and others have contributed articles to be held in reserve as loans for patients unable to easily obtain wants (through straits of circumstances).	
As has been seen in an earlier issue of the <i>Weymouth Review</i> , the physician has endeavored to work of the committee and will gladly make use of the nurse. An noon nurse is purchased and the committee of having the services of a trained nurse for an hour, for the small sum of twenty-five cents, the services of the work is well as the best and there will be need of enlarging the list.	<p>K93-1 961-2 181-3 715-1 723-17 W61-11</p>

WEYMOUTH GAZETTE. WILL BUILD THE VERMONT.

PUBLISHED EVERY FRIDAY BY THE
GAZETTE PUBLISHING COMPANY,
Weymouth, Mass.
CHARLES H. WILLOWY,
Manager and Editor.

FRIDAY, JUNE 12, 1903.

President Roosevelt has returned in good health from his trip to the West. He is expected to return to the White House in the near future. He is expected to return to the White House in the near future.

Our congratulations to the management of the Vermont River Ship and Engine Company. They have secured a contract for 16,000 ton battleships. This is a great achievement for the company.

Just at present, chairman Kinnison of the Boston Police Board, is doing much toward making a summer vacation possible for the police officers on the Boston force. This is a very commendable effort.

Class-day orators who are unduly upon a subject for their coming effort, might find sufficient material in the fact that during the past few years, more than 20,000 dollars have been received in the United States.

The collection of views descriptive of the Vermont River Ship and Engine Company, which is a very beautiful art exhibit and will repay every one for the time spent in visiting the library.

Next Wednesday, June 17, being the day of the Vermont River Ship and Engine Company, the Gazette office will be closed all day. Correspondents and advertisers are requested to govern themselves accordingly and send in their copy as early as possible.

Every voter should bear in mind the special town meeting to be held in the town of Weymouth, Mass., on the 19th of June. This is a very important meeting.

Even the little rain which has fallen upon this section of the country during the past week has proved a great blessing. It has not only cooled the air, but it has also helped to grow the crops.

Especially American men are in advance of foreign breeds of fowl, as American machinery is in advance of that of foreign manufacture. This is a fact that is well known to all.

Every citizen should believe in the town in which he lives, and if he doesn't think that in most respects, it is better than neighboring towns, he should not move away from home. He should not move away from home.

It is hardly probable that much credence will be given to the reports from Indianapolis to the effect that President Roosevelt has expressed a desire to have Senator Beveridge as his partner in the next presidential campaign. It really doesn't seem as though he would be the selection of President Roosevelt, and he certainly would not be chosen to succeed him.

Massachusetts taught the south another lesson in the treatment of the negro. It is a lesson that will be remembered for many years to come. It is a lesson that will be remembered for many years to come.

Twenty-eight hundred and fifty-four passengers were brought to New York Monday by one ship. This is a record for the city of New York.

Attention is again called to the "viciousness" of the American laborer, who is the cause of the trouble in the world. This is a very serious matter.

What was to have been the last week of a "Chinese Boyhood" at the Colonial Theatre, ending with the fifth, turned out to be so. The increase of receipts for the last week of the season, for the first time since the opening of the theatre, was a record. The increase was due to the fact that the theatre was crowded to the doors, and the receipts were a record.
